Innovative Solutions for Refugee Integration and Crisis Mitigation in EU Member States” /ISRICM – EU

The International Centre for Sustainable Development/DIETHNES KENTRO GIA TIVIOSIMI ANAPTYXI, PIC 943150886, established on 9, 28 October, GR45332 Ioannina, Greece, as “Coordinator”, together with the following international partners : AMIS. A more inclusive society, Društvo za razvijanje prostovoljnega dela Novo mesto, Fundación Sieneva, InnoPolis, Nordic Wellbeing Academy, NGO Bozhurite, IRIS and the Union of Municipalities of Salento Greece, presented the project ISRICM-EU: Innovative solutions for refugee integration and crisis mitigation in EU Member States of the EU, identified under number ESF-SI-2024-UA- 01-0006.

Innovative Solutions for Refugee Integration and Crisis Mitigation in EU Member States” /ISRICM – EU aims to develop innovative approaches to mitigate the social impact of the war in Ukraine in EU Member States.

The project, lasting 12 months (31/05/2025 - 31/05/2026) and with a total budget of € 657,902.00, has been admitted to funding by the EU Commission, with a grant of 80%, equal to € 526,313.00.

The project share expected for the Union is equal to a total of € 71,943.00 (VAT included), with a co-financing share of € 14,389.00.

The activities assigned to the Union concern the valorization and knowledge of the local cultural heritage, also through digitalization procedures, through a process of participatory and democratic analysis, which will end with the organization of a final event to present the project to the community. The Project aims to ensure the integration of Ukrainian refugees through knowledge of the local cultural heritage, mitigating the social consequences and critical issues arising from the conflict between Russia and Ukraine.
